Our White Label Solution

The Hantec Markets White Label solution is a cost-effective way to drive your company forward.

We provide you with the capability, technology and liquidity to become a broker allowing you to run a regular brokerage business under your own identity and website creating your own brand in the industry. Designed to suit qualified and experienced individuals or companies who want to become financial brokers, we provide you with a secure and cost-effective solution, backed by our robust infrastructure. So you can deliver unparalleled service, deep liquidity and competitive spreads from day one.

As a white label partner you will have complete control and transparency over the infrastructure through which you manage your clients. The use of cutting-edge technologies, along with competitive conditions, will ensure you can deliver an effortless service to your clients.

Our White Label solution includes:

- ✔ Front and back-office set-up.
- ✔ Aggregated liquidity from Tier I providers.
- ✔ Accounts available in multiple currencies.
- ✔ Branded MT4 and MT5 platforms.
- ✔ Dedicated account manager with 24-hour support.
- ✔ Access to trading tools, market analysis and educational content.
- ✔ Access to Currencies, Bullion, Indices, Digital Currencies and Commodities.

How We Support You

Our Trading Platform, customised to suit your brand requirements. equips your clients with a safe trading ecosystem and a peace of mind, leaving us the heavy lifting of managing the back-office administration, meeting compliance standards and trade reporting requirements.

Our key benefits include:

- ✔ Access to deep liquidity and market leading spreads from 0.1 pip.
- ✔ Bespoke client commission structures.
- ✔ Customizable trading conditions for a dynamic client offering.
- ✔ Assistance in setting up back-office and customer relationship management software.
- ✔ Dedicated training, customer support and first-class instruction.
- ✔ Customised revenue and remuneration models enabling you to maximize the earning potential for your business.

Become a Broker

Get access to Hantec Markets brokerage infrastructure and start offering your clients a safe and competitive trading environment under your brand.

At your end, you will be prompted to create new customers, execute deposits and withdrawals and observe the live trading activity of your clients. Our platform manager allows you to set different trading conditions including spread markups and commissions while also managing users all from one place.

Trading Platforms

MetaTrader 4

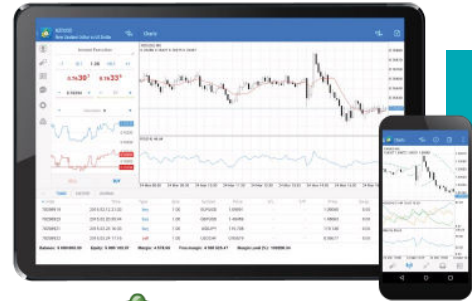

MetaTrader4, commonly known as MT4, is the #1 platform of choice for the retail trader. With an ever increasing user community, MT4 has molded the retail trading space for over a decade. With an interface developed to handle the full spectrum of clients, it's the perfect tool for both the beginner and the professional trader. Hantec Markets offers both live and demo MT4 trading accounts.

Hantec Markets MetaTrader 4 Features:

- ✔ Market execution.
- ✔ Access to a broad range of alternative asset classes including Currencies, Bullion, Commodities, Indices and Digital Currencies to trade.
- ✔ Daily and weekly market reports and videos.
- ✔ Indicators, FX tools, charts and tutorials.
- ✔ Access to comprehensive market research.
- ✔ Specialist analysis and economic calendars.

MetaTrader 5

MT5, the successor to MT4, offers a more advanced trading experience to clients. Expanding the flexibility afforded to traders, the platform provides a broader selection of pending order types, execution options and trading timeframes. It also offers the ability to select position hedging or netting and visibility of the depth of market (DOM) for the more experienced trader. The introduction of MQL5 opens access to a like-minded community of traders and developers to satisfy all your needs.

MetaTrader 4

Available on PC, Mac, iOS and Android.

Who We Are

Our story begins in 1990 when the Hantec Group was launched with the vision of becoming a multinational financial broker. Having realised our mission Hantec Markets is leading the way in supporting traders throughout their trading journey. Today, we provide an award winning trading platform MT4, educational tools and support for traders in both rising and falling markets. We offer numerous assets classes including stocks, currencies, commodities and indices.

Hantec Markets' primary focus is to offer leveraged stocks, currencies, commodities and indices trading with fast execution. This is delivered through a tailored experience that is supported by industry-leading customer service. These simple values have been the foundation underpinning the Hantec Group's growth and longevity over the last 33 years, and have become inherent in Hantec Markets approach heading into the future.

Our 33 years of experience and in-depth knowledge of the financial market serve as a guarantee for a quality product and functional trading platform for your business.

Our Purpose

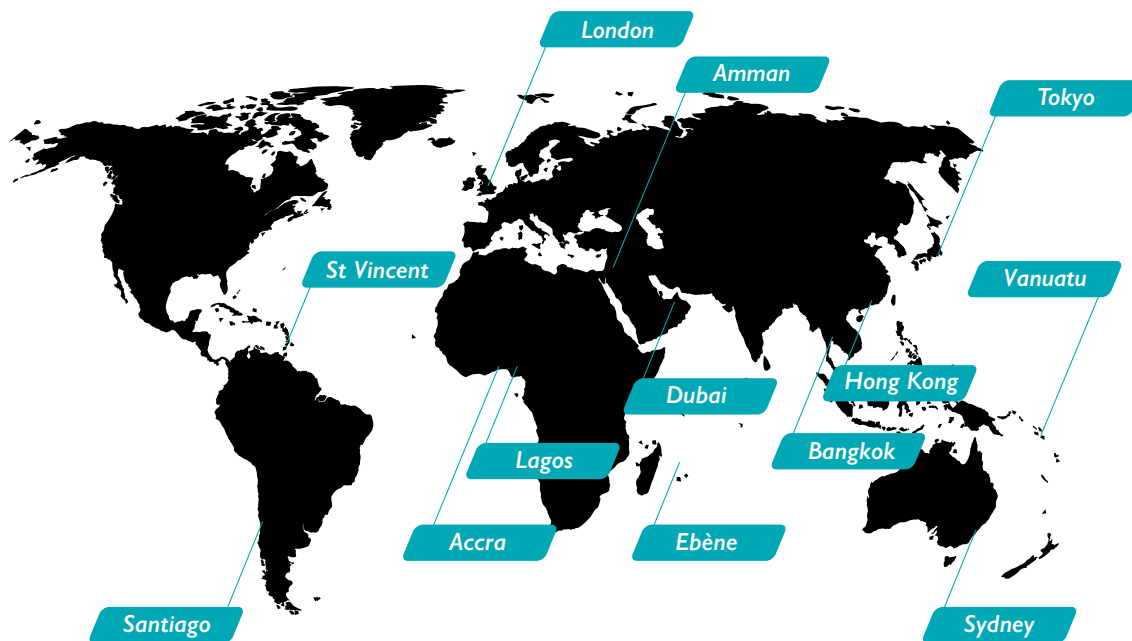

To enhance the lives of our clients by creating and providing an unrivalled trading experience.

Our Global Presence

Representing the Western division of the Hantec Group, Hantec Markets' regulation in the United Kingdom (FCA), Jordan (JSC), Mauritius (FSC) and Saint Vincent & the Grenadines (SVGfSA) leverage synergies to help clients worldwide trade safely on the most popular and liquid financial markets in the world.

The Hantec Group's Eastern division comprises of regulation in Australia (ASIC), Vanuatu (VFSC), Japan (FSA) and Hong Kong (CGSE) which allows Hantec the depth to focus on providing clients with security and confidence, while delivering a competitive product offering.

Our extensive experience across a variety of financial markets, coupled with our global physical presence, ensures that a client who trades on our platform can trust us no matter where they are in the world.
